Bud Hausman GCHR Director

Greetings from your Director.

Tales from the Director

Their once was a man with a motorcycle with wings of an angel. He searched high and low for a partner to fly with him on the road of life. After years of searching a partner was found with the same love of the road as his own. But alas after many, many miles the man and his partner wanted to share the love with others so they both searched low and high and alas they found people with the same love of the road as themselves but then there was a problem.

The group was Gold Country Harley Riders and to be thought of as one of their own the man had to buy a Harley. So a Harley was acquired from a neighboring kingdom.

After years of riding with the group the man began to think of the group as family. Each person in the group brought a memory to share and the family was complete. But alas there were problems. The group longed for more memories and others were asked to join the family.

Then alas another problem some in the group stopped sharing their memories and went off to faraway lands. And as each person stopped bringing their memories to share the family continued to remember with fondness the member's memories and took those memories with them on the road.

The moral of the story is No matter how many problems we face the memories we share will last a lifetime.

Thank you for putting your trust in me as your director, it is a memory that will last me a lifetime.

Bud Hausman

2019 GCHR Director

Herein I just offer a short, but invaluable, piece of advice:

If you have to borrow money, borrow from a pessimist. He/she will probably not expect to be paid back! Hoping you won't have to borrow

Remember: Safety first! **Ride Safe, Mike K**

Well Fall has arrived!!!!

As the year comes to a close, I encourage everyone to attend and support our fundraising events. These funds are used to keep our Christmas Party affordable as well as help support some very worthwhile charities.

I also encourage each and every one to volunteer for a position on the board. It is so true that we get more out of an organization if we put more into it. It is always nice to have fresh faces and ideas as we move forward. We have a very special group here, let's keep the spirit going.

I hope to see everyone at the Christmas Party.

Past Director

It has been a great year for the Gold Country Harley Riders. Once the weather cleared up our Road Captains have been keeping the calendar full of fun and interesting rides. We had two overnighters this year and hope to add more next year. It is Fall and the leaves will soon be turning colors and the weather will be changing. As always please remember to check the calendar often for updates to rides as well as cancellations due to weather. Safety is always a concern for GCHR. Be alert when driving thru the falling leaves and pine needles as the road can get slippery.

Bud and the 2019 Board have done a great job this year. Some of the Board officers have held their positions for two years and are ready to hand over the reins. This is a time to get involved. Nominations will be held at the October meeting and then elections at the November meeting for the 2020 (Wow!!!) Board Officers so please plan on attending both of these important meetings.

Christmas Party tickets will also be on sale. The GCHR Christmas Party is always a great time with lots of laughs and friendship. Plan on attending the event on Dec. 1st!

Activities

Well Riders, GCHRers have a busy year end ahead of us.

The fundraiser at Sierra Ridge in Auburn was a huge success. Joyce Perkins and her staff made it easy for us to help them put on a BBQ lunch of hot dogs and burgers for residents and their families.

The raffle prizes were a big hit. Our club earned $300 and Sierra Ridge was able to donate $1000 to Meals on Wheels. It looked like the residents and their families looked like they had a great time. I know our club members did! Joyce has offered to make the BBQ an annual event.

December 1st is the date of our annual Christmas Party and dinner. We will be at the Elks Club in Auburn once again. The cost is $30.00 per person.

We will have a delicious dinner, a gift exchange and even raffle off of some great "parting gifts". We must have at least 50 people, so get your tickets early.

I'll have the sign-up sheet at the October and November meetings. I will also be looking for volunteers to bring desserts. The sign-up sheet for that will also be at the next two meetings.

Lastly, October is the time for officer nominations. I have served two years as your Activities Officers. Now it is time for another member to lead the club's activities.

VOLUNTEER! VOLUNTEER! VOLUNTEERS!

It is such a privilege to be a member of this group! It is wonderful to be around people who are always willing to help others and do it selflessly. It was so great to be there for Joyce's fundraiser at the Sierra Ridge Retirement Community. Everyone there had such a great time putting on biker gear and posing for pictures! Seeing the smiling faces of the residents and their families was priceless! What an awesome idea to raise money for a great cause while creating a great experience for so many people. That's what it's all about. Well done GCHR!

Wishing everyone a wonderful winter season of riding! Praying everyone will stay safe.
